BREEZE

BREEZE ROOF SYSTEM & GLAZED WALL COMBINATIONS

MOTORIZED LOUVERED ALUMINIUM PANEL ROOF SYSTEM

With Glass Addition "Breeze" motorized panel roof system, you feel the breeze without burning under the sun. With its double direction rolling panels you can easily control the shading and any time you wish completely open it such as at night to see the sky and stars. System is a kind of horizontal shutter system consists of aluminum strips, which is adjustable according to sun's position. When you open it halfway, you can refresh the air without exposure direct sunlight.

SUNSHINE

SUNSHINE ROOF SYSTEM & GLAZED WALL COMBINATIONS

SUNSHINE MOTORIZED DOUBLE GLASS ROOF SYSTEM

Outside or inside? With Glass Addition "Sunshine" motorized roofing system, you will also enjoy your garden in summer or spring without stepping out. Let the sunshine in and feel it to the end any time you wish.

Sunshine consists of lots of grids which move on special rails, as shown indicative image. When you start the electrical motor, the grids slide under each other and motor collect all grids to upper side to the first grid line, through the belt. It can work completely together synchronous or partial.
